7 Courses

Foundations of Data Science

Get Started with Python

Go Beyond the Numbers: Translate Data into Insights

The Power of Statistics

Regression Analysis: Simplify Complex Data Relationships

The Nuts and Bolts of Machine Learning

Google Advanced Data Analytics Capstone

Mar 7, 2025

Maithili Lingala

has successfully completed the online, non-credit Professional Certificate

Google Advanced Data Analytics

Those who earn the Google Advanced Data Analytics Certificate have completed seven courses that include hands-on, practice-based assessments and are designed to prepare them for advanced roles in data analytics and entry-level roles in data science. They are competent in exploring large datasets, applying data analysis techniques, and building models to extract insights. They are also competent in machine learning, predictive modeling, and statistics.
